

Cool Science things available through Berrien RESA

Eddy current coin drop
Eddy current copper tubes (w/ neodymium magnets)
Visual eddy current kit
Mega-magnet experiment book and kit
Bar Magnets (5 sets)
Foss Magnet Kit (2 classroom sets)

Thermometers
2 electronic balances
folding magnifiers
* Mystery density set

Ruben's tube sound wave demonstrator (w/ map gas and keyboard)
Sound tubes (1kit)
Talking cups

Disarticulated Skeleton
Skeletal arm (2)
Ear model
Eye model
Skin Model
Digestive System Posters

Mineral sample kit – 2
Sand Kit
Fossil kit

Star finder wheels (lots)
The universe at your fingertips (curriculum) - for give away if you would like this
*Moon Phase demonstrator (electric)

Cartesian Diver DVD

Pure Slime experiment kit

Center of Gravity bars
Center of Gravity challenge game

Bottle Rocket launcher

Lego Dacta Kits

Ground Water Box

Solar Furnace

Foss Classroom Kits:

Balancing and Weighing

Measuring Time

Balance and Motion

Molecular Models

NSRS/STC Chemical Tests

Electron Structure activity kit } Using bingo chips
Balancing Equations kit }
Magna Atom (atomic structure) kit }

Plant Posters:

Parts

Growth

Plant Families

Pteridophytes

Bryophytes

Thallophytes

Gymnosperms

*Physics Quest kit

* NEW
