

DE streaming (Unitedstreaming) Contacts,

**2009-2010 *streaming* Subscriptions - \$545 – PO Due August 31:**

The per-building REMC price for Discovery Education *streaming* (Unitedstreaming) for the 2009-2010 school year is **\$545.00**.

Subscriptions are by building not district. A building is defined as having a single street address.

As in the previous three years, the Michigan REMC Association has negotiated this highly discounted pricing. The REMC agreement includes the AIMS Media Package along with *streaming*. School Districts send a purchase order to their REMC and then the local REMC submits one purchase order to Discovery Education for all the region's buildings.

Additionally, Discovery Education *streaming* Plus is available at \$1,130.00 per building per year. This adds additional content, including select Discovery Channel programs, bringing the total videos to over 9,000. A flyer regarding *streaming* Plus is also available on the Berrien RESA DE *streaming* Web page. Please let me know if you would like a 90 day trial for *streaming* Plus.

**Please send a purchase order to Berrien RESA REMC XI by August 31, 2009, and include the name(s) of the building(s) and the district's contact person.**

The *DE streaming* subscription expires September 30 of each year. The August 31 deadline gives us time to let Discovery know who is renewing or adding. REMC XI will invoice the districts after September 30 in the fall for the subscriptions.
