Thank you for your interest in the Berrien County 5th Year Early/Middle College program!

The Berrien County 5th Year Early/Middle College program is an effective & exciting way for students to earn either a career certificate or substantial college credit up to an Associate's Degree while still in high school. Through this innovative program, students will be able to save both time and money as they get a headstart on their postsecondary careers.

The E/MC is structured so that students gradually increase their exposure to college courses throughout this three-year program. Students will apply for entry into the program during their 10th grade year. If a student is accepted into the program their individual Program of Study will determine their classes throughout their 11th, 12th and 5th years. This Program of Study will eventually result in students being part-time on the high school campus and part-time on the college campus until their 5th year. In their "5th year" of high school, they will be enrolled full-time in college and all of their coursework will be completed on-site at a Lake Michigan College or Southwestern Michigan College campus.

Students in the 5th Year Early/Middle College program will receive support services to assist them in their transition from high school to college. All Early/Middle College students are required to complete a **mandatory** Summer College Success Bootcamp between grades 10 and 11; this Bootcamp will help to develop their academic preparation skills, study skills, and social maturity skills. Students will work closely with an Early/Middle College Mentor who will serve as a "success coach" as they progress through the program. In addition, students will continue to have access to their traditional high school support system, along with the student support services available through the college.

Students applying for admission to the Early/Middle College must be willing, motivated, and up for the challenge to perform successfully within this program.

We're excited to help you start your path to success! If you're interested in the Berrien County 5th Year Early/Middle College, please submit your completed program application no later than **Friday February 1, 2019** to your high school designated person listed on the following page.

Sincerely,
