MEDICAID ELIGIBILITY UPDATE:

Information is downloaded to the state on the 1st of each month or the first Monday, depending on the day of the week the 1st falls. Within 24 hours, the updated file is uploaded to Illuminate. By the 2nd (or the first Tuesday) of each month provider caseloads will have current month eligibility. **Please check your caseloads the first week of each month to ensure you're logging for all Medicaid eligible students and that your caseload is complete.** Eligibility can be determined by the following icons in the Medicaid column of the provider's caseload on Illuminate:

Eligible in Current Month

Eligible in Previous Month

Billable student

Non-billable student. When your cursor is on this symbol an explanation of why the student is non-billable appears.

REMINDER: A student must Medicaid eligible AND be receiving a direct service to be eligible for Designated Case Management services. A direct service is designated by a code (290, 310, 360, 370) in the direct service column on the provider caseload.
